### **SMOKING REGULATIONS** (This restriction applies to the smoking/vaping of tobacco & cannabis)

Smoking of any of the above is allowed in designated smoking areas only.

Because we are a family-oriented campground, all policies will be actively enforced for the enjoyment and safety of all our guests.

This applies to those guests using cannabis for medicinal purposes as well. The purpose of this policy is to increase safety and enjoyment of the visiting public by minimizing their exposure to second-hand smoke, reducing the risk of wildfires, and protecting wildlife and the environment from the hazardous effects of discarded cigarette butts and other litter associated with smoking.

For safety reasons, once luggage is unloaded, guests will be required to park their vehicles in the area provided, away from the cabins. Luggage carts are provided.
